PROFESSIONAL EXPERIENCE

MIS Executive | Vedantu Innovations Private Limited, Bengaluru **Oct 2026 – Present**

- Build and maintain MIS reports and interactive dashboards in Power BI, Tableau, and Excel to track KPIs and business performance for stakeholders.
- Extract, clean, and analyze business data using SQL and Python (Pandas, NumPy) to deliver trend analysis, data visualization, and actionable insights for data-driven decision-making.
- Prepare recurring daily, weekly, and monthly MIS reports while ensuring data accuracy, consistency, and timely delivery.

Associate – Data Analyst | Khan Global Studies Pvt Ltd., Noida **Apr 2025 – Mar 2026; May 2026 – Sep 2026**

- Analyzed business datasets using SQL, Python, and Advanced Excel to identify trends, monitor KPIs, and support data-driven decision-making.
- Developed automated MIS reports and interactive dashboards for recurring business reporting and performance monitoring.
- Automated reporting workflows using Power Query and advanced Excel formulas, reducing manual reporting effort.
- Performed data cleaning, data validation, and KPI monitoring to improve data accuracy and reporting consistency.
- Conducted ad-hoc analysis and data validation to support business reporting and operational requirements.

PROJECTS

- **Flipkart Sales Analytics (SQL):** Analyzed sales and revenue data to identify sales trends, product performance, and key business metrics.
- **Rapido Ride Booking Dashboard (Power BI):** Built a KPI and booking analytics dashboard to monitor ride performance and business trends.
- **Customer Churn Analysis (Python):** Performed data cleaning, exploratory data analysis (EDA), visualization, and churn insight analysis on customer behavior.
- **HSBC Banking Risk Analytics (SQL):** Analyzed banking risk and customer data to support risk reporting.
- **British Airways Dashboard (Tableau):** Built a passenger satisfaction dashboard to analyze customer experience trends.
- **Diwali Sales Analysis (Python):** Analyzed product and customer performance to identify sales patterns.
